## Ecole Bilingue *Cello Club*

Dear EB Parents,

I want to let you know about a recent addition to EB's slate of extra-curricular offerings. I will teach a cello ensemble class, also known as a cello choir, in other words a small orchestra focused on learning this instrument. We started the group one year ago and the small but mighty quartet made their debut by opening the end-of-school program this past May. Here are some facts you can consider to decide if you would like your child to participate.

- **WHEN:** the class will meet **Thursday mornings, 7:15-8 a.m.**
- **SIZE:** the class will be small to ensure ample individual attention. If the class grows beyond 8 students we will add an additional day.
- **COST:** The fee for the fall semester will depend on total enrollment, ranging from \$395 to \$275, depending on number of students (see registration sheet).
- **AGE:** This club is for those in first grade and above.
- **Do I have to have an instrument?** Yes, you will need to make arrangements to rent or buy an instrument if you don't already have access to one. Please contact me for advice on obtaining an instrument.
- **How does this relate to the band/orchestra that Lionel has started?** The cello choir is just an additional offering. Students can be in either or both groups. The main difference is that in the band you are required to already have some fundamental knowledge and experience with an instrument. The cello choir will accept both experienced musicians and those interested in learning the cello for the first time. The fundamentals of the instrument will be taught in the class. So the cello choir is more like a cross between a larger ensemble like band/orchestra and a private lesson. M. Lionel dabbles in the cello himself and is excited about this offering; if we can get him up in time, maybe he will occasionally join us.
- **Do I have to practice?** Well ... let's just say, YES, that would be best!
- **About the teacher:** Jeanne Jaubert is the mother of a rising fourth grader at EB. She holds Bachelor, Master, and Doctoral degrees in music. She moved to New Orleans in 1998 to join the Louisiana Philharmonic, and she also has a thriving private cello studio. She was introduced to the cello in 6<sup>th</sup> grade through her middle school orchestra, and she wants to make this type of school-based music making available to EB students.

Thanks for reading. Please contact me if you have any questions.
